INTRODUCTION.

We offer to Collectors a most important four days sale of Coins, Medals, Paper Money, Curios, Tokens, Necklaces, Etc., Etc., the Properties of Messrs. Olsen, Pungitor, Brewer, Sessions, Mr. R. W. Williams, Mrs. H. T. Haintz, Estate of the late H. Hooker, Esqr., and others. We call your attention to five important collections in these offerings, viz. The Williams, Haintz, The Harlem, the Fine U. S. Gold Collection of Eagles, Half and Quarter Eagles and The Binghamton Collection. Mr. Williams is giving up collecting, having nobody among his relatives to take up the interest. It embraces a very fine and large collection of American and Foreign coins, including many fine Greek and Roman coins, a large variety of interesting Mexican, South and Central American issues, pattern coins, European Silver, Tokens, etc. The Foreign copper collection is I believe as fine as any I have offered, not excepting the Moritz collection, with many rarities like Colima, Santa Anna, Morelos, Oran, Zamosc and so on. His Silver collection should be appreciated for its worth and interest. That of Mrs. Haintz, left by her husband, presents a wonderfully large collection of United States Half Dollar coins, and many others in American and Colonial issues, several hundred lots. The Harlem collection embraces several hundred lots of rare United States Cents, including all dates, and this is not the only collection in the catalogue with fine cents, the Haintz and Williams have especially fine cent pieces in them, also fine U. S. Half Cents. There is a very fine assortment of the Rare Mint-marked Eagles, Half and Quarter Eagles after 1835, seldom found together and so fine as in this offering, and two fine Slugs. A wide variety of paper money, tokens, medals, choice Massachusetts Silver and Colonials, U. S. Patterns, medals, gems, necklaces, stone age relics, Bryan money, Russian and other issues makes this one of our very finest sales. The above description does not begin to give you an idea of the contents of this catalogue which lists a total of about 3200 lots, divided into four sessions, to be offered on Wednesday, Thursday, Friday and Saturday, February 9th, 10th, 11th and 12th next. Many fine Ancient Gold, Silver and Bronze coins are offered as well as American gold from 25c size Silver and Bronze coins are offered as well as American gold from 25c size to Fifty Dollars. Don't miss the sale. After this we have but two more coming this present season. You won't ever have a better chance at about twenty-five 1793 cents, about half a dozen 1799 cents and numerous 1804s than at this sale. Go completely over the catalogue as fine U. S. Cents will be found in every session. We note uncirculated cents of 1794, 1802, 1803, 1824 and an uncirculated 1823 over '22, which ought to bring a price. Let us repeat what we tell collectors at every sale. Be careful about bidding in error. We will not be responsible if you bid on a wrong lot. It is up to you the bidder to confirm your bids before sending them in and any error

must be paid for by the bidder, without recourse of any kind. New bidders must not feel offended when we ask them for bank reference also until their credit is established with us, and all lots are sold for cash only. No credit or time to anyone. We are not dealing in merchandise but coins, money—hence cash! Bid by the lot, not the piece. Bids are made not for goods on approval, but lots thus secured are bought and must be taken and paid for. Kindly read our sale terms if you have not done so, before bidding. Send us a generous number of bids and bid early too.
